

Town Topics

Dr. and Mrs. MacBachan of Bawlf were visiting friends in the city on Monday last.

Bleiler & Co. disposed of twenty-four lots last week to outside parties at a good price.

Miss M. Dunham of Berlin, Ont., was the guest of Mrs. V. C. French on Wednesday of this week.

Dr. Norby was at Edmonton on Tuesday assisting at an operation in the Royal Alexandra Hospital.

Mrs. Alma Mattson has tendered her resignation as assistant postmaster, to take effect the end of this week.

Mrs. Dr. Norby left last week to spend some time with friends at Duluth, Sask., and other places in the east.

D. McKillop of Calgary is in the city this week visiting at the home of his parents, and renewing other acquaintances.

W. J. Connel and Geo. Francis who are employed at Edmonton spent the week-end in the city with their families.

H. J. Adams, treasurer of the Grand Lodge of Alberta I.O.O.F., and Wetaskiwin Lodge No. 3 an official visit on Monday evening last.

Among those who were transacting business at the Capital during the past week were Rev. Zastachy, J. P. Gross, John Ochs, A. Rowatt and C. B. McArthur.

Owing to the inclemency of the weather, the adjourned meeting of the directors of the Wetaskiwin Agricultural Society did not materialize for the want of a quorum. The meeting will be held on Saturday afternoon next.

The Wetaskiwin Times

WETASKIWIN IS GAS CITY

Big Flow Struck During Past Week, Which It Is Claimed Will Supply Almost Entire City.

The people who appealed against their assessment this year are apparently well satisfied with the treatment they received at the court of revision, as there have been no appeals appointed by the decisions of the court.

Mr. and Mrs. Jas. Bradley of Calgary arrived in the city Saturday evening. Mrs. Bradley is spending the week the guest of Mrs. E. T. Williams and other friends, while Mr. Bradley proceeded to Edmonton Monday morning on business.

A garden party is being held this Thursday evening on the lawn of Mr. and Mrs. Box, corner of Thoma and Beatrice streets, which will take the form of a farewell to Rev. and Mrs. Aldridge and a reception to the newly appointed pastor, Rev. W. L. Bradley.

The Wetaskiwin Gun Club is now holding weekly shoots on Wednesday night, and good shots are made. At the shoot last evening there was only a small attendance of members, but the scores made were as follows: W. L. Crane, 9; W. Tate, 13; Pelton, 15; Rosencroft, 15; J. Richards, 17.

A baseball game will be played on Diamond Park to-morrow (Friday) evening between Leduc and Wetaskiwin, commencing at 6:30 sharp as the visitors return north on the evening train. This will be a good game as Leduc has a very strong team this season and come determined to win if possible.

There passed away at her home at Bonnie Glen Co. Tuesday, of this week, Brangeline R., beloved wife of Mr. Fred. Green, at the age of forty-one years. She had been in delicate health for the past year, so the end was not an entire surprise to her many friends. Deceased has been a resident of Bonnie Glen for twelve years, and was one of the first settlers in this part of the country. She leaves to mourn the loss of an affectionate wife and mother, a sorrowing husband, and a family of eight small children. The funeral takes place on Sunday afternoon next at the Bonnie Glen Cemetery.

The Two benefits Concerts given by Miss Knight on Friday evening and Saturday afternoon last in the B. J. Theatre, were of an exceptionally high class, and greatly enjoyed by all those who attended. Unfortunately, owing to the shower coming in the evening, a large number were deprived the pleasure of attending the first concert. Mr. Owen Williams, who assisted was of no excellent use of Wetaskiwin's favorite, owing to illness. Mrs. Carruthers was unable to present, which was deeply regretted by everyone. The concert was one of the best ever given in the city, and the work of the pupils of Miss Knight reflects much credit on her abilities as a teacher. The proceeds of the entertainment, which will be devoted to the very worthy object of procuring an artificial limb for a member of the class, reached a good substantial sum.

Joy reigns supreme in the hearts of the citizens of Wetaskiwin owing to the fact that gas in large quantities has been struck at the gas well. The first large flow was struck on Saturday last at a depth of 1187 feet, and as the well was deepened the flow became gradually stronger until Wednesday noon, when a big strike was encountered at a depth of approximately 1350 feet. When this great gas producing strata was reached, the pressure became so great that the drillers had to abandon the work temporarily as it was not possible to pour water into the hole, the force immediately forcing the water immediately into a vapor.

Council Proceedings

The regular meeting of the city fathers was held on Tuesday evening with all the members present. Mayor Walker in the chair.

After the adoption of the minutes of the previous meeting, a communication was read from the solicitor for the Imperial Bank of Canada, re the purchase of the debentures. After discussion this was referred to Solicitor Odell for a report at next meeting.

Laures & Lamb wrote re the balance of their account. Dugdon-Bennan that they be informed that the "man-dinery" was not making satisfactory and that no more money was paid until the trouble is rectified. Carried.

W. H. Odell re Gaetz's electric light account, and asked for instructions. It was moved by Ellis-Wallace—that Mr. Odell be instructed to proceed and collect the account in full.

Loggie & Manley wrote re the school board account, intimating that unless last year's account is paid by June 10th, action would be taken. The letter was referred to the finance committee.

The request of the Hospital Board to pasture a cow in a corner of the agricultural grounds was granted. A Calgary company asked that all freight bills for the next six years be forwarded to them for checking purposes, and if any excessive charges had been made they would have same refunded. No charge would be made if no refunds were forthcoming, and they would retain 50 p.c. of all refunds for their trouble. The secretary was instructed to see that the bills in question.

Applications for the position of second engineer at the power house were then received as follows:

W. F. Hendry, Edmonton.
W. C. Pearce, Edmonton.
W. H. Fowler (third class) Edmonton.

Ellis-Gothard—that applications be laid on the table, and that the electric light committee bring in a recommendation of the proposal shortly to be made at the power house, with the names of the men to be employed. Carried.

Mrs. A. C. Gourie made application for water and sewer connection to her residence. She was assured that her wishes would be complied with as soon as the city had money to expend in the water and sewers department.

R. J. Thompson appealed against the assessment on the stock in his store. As the court of revision has passed on the assessment, it was moved by Gross-Wallace—that the matter be referred to the finance committee and solicitor to report on what should be legally done.

A lengthy discussion then took place on the question whether the drilling should be continued deeper than 1500 feet. His Worship stated that of the opinion that operations should cease at 1500 feet, as the city undoubtedly had more than sufficient to supply the power house and other needs, and this should be piped and used at once. This would reduce the expense at the power house, and in addition to this, there was the possibility of losing everything we now have, should water be encountered at a lower depth. "Use what we have and drill another well to a depth of 2000 or more" is the slogan of His Worship.

Ald. Dugdale and others opposed this, believing that the ratepayers de-

It is not known what the pressure and volume are, as the city has not the appliances to measure the flow although these necessary instruments will reach the city in a day or so and the test will be made.

It is stated, however, that the volume is considerably over one million feet daily, and some go as far as to say that there is sufficient gas in this one hole to supply the power plant, and all the business expense of the city. It might also be reasonably expected that when the well is sunk another one hundred and fifty feet, or to the contract depth, that a still greater flow will be obtained.

This strike is of inestimable value to the city of Wetaskiwin, as it will eliminate the large coal account at the power plant as well as save many hundreds of dollars in wages. In addition to this, the light and power rate should be reduced by say one-half the present charge.

This means that Wetaskiwin will be the cheapest and best place in Western Canada in which to reside, as we have an up-to-date city, with modern improvement, excellent water, and the best agricultural district surrounding the city where vegetables and dairy products are produced in abundance.

A meeting of the ratepayers is being held to-morrow (Friday) night to discuss the matter and formulate some definite plan of action for the future in connection with the gas.

This district has always been famous for its production of large yields of vegetables. This year, to this date, a very good crop of the fact that we are leaders in early development and maturity. This week J. H. Knight has potatoes in bud and on the verge of blossoming. Can that be beaten in the history?

The many friends of Mr. and Mrs. F. Burger regret to learn that they will be leaving the city shortly to take up their residence in Ontario. They are old-time residents of the city, but the proposed move had been necessitated by the ill health of Mrs. Burger. We understand Mr. Burger has disposed of his residence at 2000, to Mr. B. Moore.

The armory and drill hall for Verveville is to be constructed forthwith. The building is to be of a substantial and worthy character, 42 by 92 feet, of solid brick on a concrete foundation, and will comprise: a capacious drill hall with a shooting gallery 32 by 60, and beyond these will be the storerooms and armory. Three armories are provided far, 12x24 each, where arms and accoutrements will be stored. Above there will be offices for the accommodation of officers and sergeants, and one for the men, each to be the same dimensions as the armory.

It was decided to hold a public meeting to discuss the by-laws on Friday evening, June 20th. Before the adjournment of the meeting, it was decided to leave the matter of financing the proposed addition at work at the gas well with the finance committee.

Town Topics

Two young men of this city were for the J. P. on Wednesday, charged with breaking into Purnell's blacksmith shop. There was not sufficient evidence to warrant the justices in sending them up for trial, so they were recommended and discharged.

Another business man was fined \$1 and costs for allowing a horse to be picked out on the public highway. As another citizen was assessed, costs of the court on the charge of cruelty to animals.

An ice-cream social will be held next Friday evening at the home of Mr. Emil Lundell, 5 miles south of town for the benefit of the Swedish Lutheran Church. A cordial invitation is extended to all to attend.

Don't forget the Leduc School on Immanuel Church Grounds, Wednesday June 25th.

Mr. Roberts of the City Bakery has disposed of his business to Mr. John Campbell, who took possession on Monday. Mr. Campbell cordially solicits a continuation of the patronage so generously given to his predecessor, and hopes to merit this patronage by giving the best service and honest dealing.

The students at the school are now putting forth their best efforts in preparation for the examinations, which commence on Monday next. The presiding officers will be Inspectors Nelson and Thibault. A. C. Crosby and E. B. Asselstine of the Wetaskiwin staff preside at the examinations at Camrose. In the public schools, the promotion examinations are being conducted this week. In so far as the primary rooms are concerned, the school closes this week for the summer vacation.

The Churches

METHODIST

Rev. A. R. Aldridge, B.A. delivered the final sermon as pastor of the church here on Sunday evening last, to a very large congregation. He leaves to assume charge of his new duties at Edmonton on Friday. Mrs. Aldridge, however, will not be leaving for a few days, as she is now writing of their examinations.

The services next Sunday, both morning and evening, will be conducted by the newly-appointed pastor, Rev. W. L. Bradley, B.A. This will also be a union service, with the Presbyterians.

IMMANUEL CHURCH.

Holy Communion Sunday next at 10 a.m. Natins and Holy Communion 11 a.m. Evensong 7.30 p.m. Sunday School and Bible Class 2.30 p.m.

The members of the "G" Squadron held Church Parade on Sunday morning last at Immanuel Church. There were a large and representative congregation. The Solo "The Coming of the King" was sung very ably and impressively by Mr. Thomas Hughes. Mr. J. Hatch presided with ability at the organ. The rector Rev. W. W. Alexander gave a stirring address based on the text "Be of good courage and let us play the men for our people and for the cities of our God" 2 Sam. X. 12.

By special request Mr. Thomas Hughes will sing the solo "Ora pro nobis" on Sunday evening next.

Rev. W. W. ALEXANDER, B. A.

The Girls' Auxiliary of Immanuel Church will hold a Lawn Social on the Church Grounds on Wednesday, June 25th, commencing at 7.30 p.m. Strawberries and Ice Cream—Band in attendance.

There were some thirty ladies who gave in the report of the musical examinations. Where it was stated that Vivienne Gibson had passed in "Lower Centre Rudiments of Music". This should have read: "Local Centre Rudiments of Music." Miss Gibson is an excellent student and obtains a high marks at the recent examination.

THRESHOLD OFFICE FOR SALE—on easy terms or will exchange for horses and cattle or farm property. For particulars call at this office 13-4.

GIRL WANTED—At once. Highest wages paid. Small family. Apply to P. O. Box A. Wetaskiwin. 12-13.

NELSON—On June 14th, in Wetaskiwin, to Mr. and Mrs. M. O. Nelson, a son.

SHARLOW—Near Wetaskiwin, on the 17th inst., to Mr. and Mrs. Harry Sharlow, a son.

DIED
SHARLOW—Near Wetaskiwin, on the 17th inst., the infant son of Mr. and Mrs. Harry Sharlow.

A letter to the Public in rhyme

The people whom we wish to address, are the Patrons who visited the Empress. We thank you for your advice, and hope you considered we treated you fair. But now we want to let you know, we intend to open a picture show, in the Angus Theatre, McDonald St. where we hope to give you a special treat. It will be under the sole management of Mr. Hatch so rest assured you'll get no trash. A new machine will throw its light upon a new curtain the opening night. And Alif who is the operator will prove that he's no imitator.

Tom Hughes will that night impress upon you, George Porphy comedian who has of late, been summoned to perform before the King which you will acknowledge a very good thing. The music performed will be very right in time and quite in time. The seats are the best there are in town, you will find this out when you sit down, you don't have to squirm and move about, you can sit comfortably without a doubt, so Patrons all we say to you, roll up in numbers, not a few. To strangers we give a special advice, you bet your heads we'll serve you right. So come right along and don't be slow. Get to Hatch's picture show. And now our spell is at an end and you all our hopes depend. Have we succeeded in pleasing you, if so then give to us what's due.

GILLETTE

**The Symbol of Clean-cut
Modern Manhood**

By making shaving so easy, the Gillette Safety Razor has done much to develop the typical man of to-day — that strong, aggressive, successful individual who scorns to disguise his features with a beard or to appear with an unkempt stubble on cheek or chin.

Shaving with the Gillette takes but three refreshing minutes. You waste no time honing or stropping — or fumbling in the barber's waiting room. The Gillette makes home shaving so easy and luxurious that it is no more a task, but an agreeable incident in the morning toilet.

There are nearly 40 Gillette styles from which to choose. Standard Sets, like the illustration, cost \$5.00—Pocket Editions \$5.00 to \$6.00—Combination Sets, with brush, soap and other toilet articles, run from \$6.50 up. From the assortment which your Hardware Dealer, Druggist or Jeweler can show you, buy a Gillette—you'll enjoy it.

COURT OF REVISION

(Crowded out last week)

The council met as a Court of Revision on Monday to consider the appeals against the assessment for the current year, with all the members present.

The clerk was authorized to make a number of changes in ownership on the roll.

The assessment on block G. is reduced to \$8,500 an acre; block H to \$1,500 an acre; block J. remains as assessed, namely \$5,000; block K. is assessed at \$2,500 and block L at \$2,000.

The personal tax of the Conservative Club was struck off.

The personal tax of the Dominion Express Co. was reduced from \$2,000 to \$1,000.

The assessment on the Eastman Estate, the Edmonton City Dairy, of T. P. Pylant of Findlay Smith & Co., of the Farmer's Co-operative Stores, and of Heric and Miquelot stands.

The buildings and personalty of the Hercules Rotary Engine Co. was reduced by \$1650.

The assessment on the building on lot 24, block 41, was reduced from \$160 to \$300, while the assessment on lot 8, block 18 was reduced by \$500.

The assessment of P. Schmitz was also reduced \$500.

The assessment of Pipestone Park subdivision will remain the same as 1912.

The assessment on Lot 1, block W, plan M. was reduced by \$1,000.

The assessment on John Vansburg's lots were reduced \$50 each.

The assessment of Mrs. Taylor was changed to read \$14 lots at \$25 a lot and the balance of the 50 acres be assessed at \$25 an acre.

J. B. Schreiffel's personalty assessment was reduced by \$250.

The assessment on N. O. Oldenberg was reduced by \$550 and the assessment of Mrs. Oldenberg was reduced by \$150.

The personalty of Wm. Bagan was struck off.

The assessment of the Norwegian Lutheran church was also struck from roll.

The personalty assessment of Watt & Watt was reduced by \$200.

A TIME SAVER

The favourable weather of June is bringing some good records of milk produced by cows trained to the business by far sighted owners. Grade cows yielding as much as 2,300 pounds of milk and 62 pounds of fat in thirty days are well worth keeping as many factory patrons can testify.

On the other hand some poor records were made during May in several districts, not only in yields of milk but in many instances in peculiarly low percentage of fat; even less than two per cent. That is one good reason why it pays farmers to take up cow testing, for with the tests ranging as they frequently do in the same herd from 2.1 to 4.3 with common grade cows giving almost the same weight of milk and handled under similar conditions, there is evidently plenty of room for considerable difference in returns.

As a matter of fact, cow testing was never more needed than at the present time when farmers are complaining that it is hard to get good hired help. The time spent in taking a few weights and samples is saved over and over again, a hundred times over, when it proves to a man that he saves time by milking profitable cows only. Why waste precious time month after month, year after year on cows that test only two per cent of fat.

Kidneys Wrong?

If they are you are in danger. When through weakness or disease the kidneys fail to filter the impurities from the blood, trouble comes at once. Backache, Rheumatism, Sciatica, Gravel, Diabetes, Gall Stones and the Urinary Bright's Disease are some of the results of neglected kidneys. Dr. Morse's Indian Root Pills contain a most effective diuretic which strengthens and stimulates the kidneys so that they do their work thoroughly and well. Try.

Dr. Morse's "Indian Root Pills"

2,000 MILITIAMEN AND 1,300 CADETS GOING INTO CAMP

There will be approximately 2,000 men and officers attend the camp to be held in Calgary from June 17 to 8. The camp will be situated in the old location, near the reservoir, and this will be the site of the cadet camp and extend from July 2 to July 8. There will be 1200 cadets and officers attend this camp.

Gen. Hamilton, with the Hon. Col. Sam Hughes, minister of militia, will review the troops on the field and technical exercise, probably in the form of a sham battle will take place. This will occur on June 25.

The official list of units to visit Calgary to attend the camp, is as follows:

Corps of guides.
Signaling section.
No. 14 company, Canadian Army Service corps.

15th Light horse.

17th Calgary field ambulance.

19th Alberta dragoons.

21st Alberta Hussars.

23rd Alberta dragoons.

25th battery Canadian Field artillery.

35th Central Alberta horse.

103rd regiment Calgary rifles.

104th regiment Edmonton fusiliers.

No 8 Department Post Office corps.

Cadets will attend the cadet camp from Calgary, Edmonton, Metakewin, Pincher Creek, Carleton, MacLeod, Lethbridge, Red Deer, Macgrath, Claresholm, Medicine Hat, Didsbury.

The sale of liquor on the grounds of the military camp is strictly forbidden this year. These are the orders issued by Col. A. E. Grisham, commanding the district. Stricter than ever before in this respect will be the orders given and carried out and each commanding officer will be responsible that the breaking of this order is punished without exception. There will be a penalty for leaving any of the units' camps equipped, and the military conditions in every respect, must be strictly according to orders.

BONANZA FARMING SCHEME AT VIKING

Success has so far attended the bonanza farming scheme entered into by the Manes Farming Company at Viking. The company own 9,075 acres of land, and have already one section broken, and are actively engaged in tracking a second section, four hundred 60 h.p. oil engines being employed for the purpose. Six hundred and forty acres have been seeded with flax and a good crop is expected.

Cause for Alarm

Loss of appetite or distress after
eating—a symptom that should
not be disregarded.

It is not what you eat but what you
digest and assimilate that does you
good. Some of the strongest, healthiest
persons are moderate eaters. A
disordered stomach, and many
other troubles, serious maladies
through disregard or abuse of the
stomach.

We urge all who suffer from indigestion, or dyspepsia, to try Recall
Dyspepsia Tablets, with the understanding
that we will refund the money paid
without question or formality, if after
use you are not perfectly satisfied with results.

We recommend Recall Dyspepsia
Tablets to customers every day, and
have yet to hear of one who has not
been benefited. We believe them to
be without equal. They give prompt
relief, aiding to neutralize acidity,
stimulate flow of gastric juice,
strengthen the digestive organs, and
thus promote perfect nutrition and
correct unwholesome symptoms. Three
tablets, 25 cents, 50 cents, and \$1.00.
You can buy Recall Dyspepsia Tablets
in this community only at our store:

H. L. HIGGS, Alberta
The **Recall** Store
There is a Recall Store in nearly every town
and city in the United States, Canada and
Great Britain. There is a different Recall
Store for nearly every ordinary human ail-
ment especially designed for the particular
for which it is recommended.
The Recall Store are America's Greatest
Drug Stores

MEMORIAL FOUNTAIN FOR DR. McINTYRE

A memorial fountain is to be erected
to the memory of Dr. W. McIntyre
late member for Strathcona in the
Federal House. The application pre-
sented to the council on Tuesday eve-
ning asking that the city bear the
expense of erection of the fountain,
was accepted without any hesita-
tion. It is hoped that the work will
be proceeded with at once, so that the
fountain may be unveiled with suit-
able ceremony on Dominion Day.

The fountain is of unique and im-
posing design, standing about fifteen
feet high on a base four feet square
and is made of bronze covered iron.
It is the first of its kind in the cap-
ital.

The fountain will stand as the trib-
ute of a host of admiring friends to
a much esteemed citizen. When the
matter was first broached at the Lib-
eral convention some three years ago,
handsome donations were freely prom-
ised, but sober second thought led to
the conclusion that it would be more
fitting that an opportunity be given
the doctor's many friends of all par-
ties to participate and on this basis
the committee have proceeded.—
News Plaindealer.

UNCLE TOM'S CABIN

One of the prettiest and truest-
nature stage pictures ever created is
the cotton picking scene in the ever-
popular production of Stetson's "Uncle
Tom's Cabin," which is to be
seen Monday, June 23rd in Angus The-
atre. It is a true facsimile of an idyl-
lic home on the Red River, the set-
ting having been constructed and
painted from actual photographs, re-
sulting in a picture of such beauty
that it must be seen to be appreciated.

Blue Ribbon Tea, Coffee, Baking Powder, Spices,

Over 50 Years' Established Reputation.

Neave's Food

FOR INFANTS
When prepared according to the
directions given, forms:

A complete diet for the
infant, easily digestible,
health-giving, strength-
giving.

Free to Mothers—Write for free
book "Hints About Baby" to the
Canadian Agent—EMERY UTLEY,
14 Front Street East, TORONTO.
(Ladies' Entrance) MRS. J. R. NEAVE & CO., England.

Healthful deep sores, mental to the well-
being of the infant.

Not only is it the simplest food by all
Druggists in Canada.

Washburn is most exacting, even in
the most minor details of a produc-
tion. Where another manager would
be contented with paper mache plas-
ters, Manager Washburn must have the
real article. He engaged the services
of a chemist who finally produced a
shellac by the use of which the cot-
ton plant may be preserved in its na-
tural state indefinitely. The several
hundred plants used in the Stetson
production are exactly as they were
when removed from a Louisiana plan-
tation in the height of cotton picking
season. Words utterly fail in even
faintly depicting this beautiful picture
it must be seen to be appreciated.

There was a meeting of the Whole-
sale Liquor Dealers' Association of
America held in Louisville, Ky., re-
cently, and the trade is evidently
greatly exercised over the iniquitous
and ubiquitous activity of the Anti-
Saloon League, which it hates a good
deal more than it does the devil. The
League put itself on record in so
many resolutions. Here are some
of them: "We believe that prohibi-
tion, judged from the viewpoint of
national temperance and community
life, is an admitted failure. This as-
sociation, therefore, pledges the aid
of its membership to the enforce-
ment of laws for license, regulation and con-
trol, firmly believing that such laws
promote true temperance and the com-
mon good of all the people." Just li-
cense, if you can, "the enforcement of law."
Wouldn't this make Brother Ayscarr
smile!

WESTERN LAND VALUES

Discussing the possible effect of the
money stringency on western land val-
ues, the Montreal Witness says:
"Up to a certain point the rise in
prices was entirely justified by the
increase of our population, and by
the consequent enlarging power of
the land, and the business prop-
erty. Long ago, in many sections, it
went far beyond that, and became a
price based on the prospective value,
in a twenty or thirty years' time,
when the population of the country is
expected to be increased, anywhere
from twelve to fifty million. It
would take an increase of fully fifty
million to justify prices at present as

HAD A TERRIBLE ATTACK

OF DIARRHŒA.

Became Very Weak.

Diarrhœa, especially if allowed to run
any length of time, causes great weak-
ness, and the only thing to do is check
it on its first appearance. You will find
that a few doses of Dr. Fowler's Ex-
tract of Wild Strawberry will do this
quickly and effectively.

Mrs. JACOB SMITH, Manor, Sask.,
writes:—"I am pleased to express my
gratitude for your remedy. In my case,
I had a terrible attack of diarrhœa. Just
about five or six minutes, I would have
a passage, and it would keep this up
for a week at a time, causing the passing
of bloody water. I was so pained and
weak, I could not do anything.

"Seeing your Dr. Fowler's Extract
of Wild Strawberry recommended, I
tried it and it thoroughly cured me. It
is the only medicine for this complaint
I will now have."

"Dr. Fowler's" has been on the mar-
ket for over sixty-five years, and is, with-
out a doubt, the best remedy known for
the cure of Diarrhœa, Dysentery, Colic,
Cramps, Pain in the Stomach, Cholera
Morbus, Cholera Infantum, and all
Bowel Complaints.

When you ask for "Dr. Fowler's"
see that you are not handed one of the
many substitutes for this old reliable
remedy.

TEMPERANCE

COLUMN
EDITED BY THE W. C. T. U.

Clippings from the Christian Guard
on Social Purity dept.:

Whatever the enfranchisement of
women will do or will not do, we are
convinced of this, that it will give
strength untold strength, to the fight
against the hateful commerce in social
vice in our cities. That fight is on to-
day as it has not been in the history
of the world before, and with the help
and inspiration of the women it is
going to be a fight to a finish. This
is one solid reason why we believe
in women enfranchisement.

The Bureau of Social Hygiene, of
which J. D. Rockefeller, Jr., is chair-
man, has published its first report on
vice conditions in New York. The
study of commercialized vice in Man-
hattan by Mr. J. G. Kneeland, and
the investigator gives it as his opin-
ion that girls are seldom driven into
social vice through poverty. Most of
them, he declares, are victims of agents
of commercialized vice. "Most of
the vice and the worst of it," he
declares, "is due to persistent
cunning and unprincipled exploitation.
We think it probable that further in-
vestigation will tend to confirm the
truth of both of these statements.

Not poverty, but commercialized vice
lies at the root of the social evil.
The United Society of Christian En-
dowment has appointed a National Su-
perintendent of "Temperance and Chris-
tianity." A. A. Poling being given the
position. The watchword of the cam-
paign which he will help to carry
forward is "A Salacious Nation in
1913." It is a good cry and one that
we believe is fit to be carried out
not only in the United States, but in
Canada as well. It will be a man's
job doing it, though. But I tell you
it is worth doing.

Calgary, Alta. June 13.—Given re-
asonably good weather for the next
two months Alberta will this year
harvest the greatest crop in its his-
tory. This is the summary of crop re-
ports which the Herald prints to-day
from 45 correspondents in this prov-
ince.

While the spring was undoubtedly
a backward one the only summer has
more than made up for this. There
has been plenty of moisture and
bright, warm sunshine in addition.
With the sole exception of the extreme
south there are no complaints of
lack of rain.

FISH HATCHERIES TO BE ESTABLISHED IN ALBERTA

According to information which
has been received in the city from R. B.
Bennett, Calgary's member in the fed-
eral house, the Dominion government
will construct two fish hatcheries in
Alberta. One of these hatcheries will
be located near Banff. The local board
of trade has been agitating the gov-
ernment in this matter for some time
past, seemingly without effect for noth-
ing was done. Mr. Bennett, however,
states that the government has defi-
nitely decided to build the hatcheries
and work on them until they are com-
pleted as soon as possible.—News-Tel-
egram.

SIX BABY GIRLS BORN IN DAY TO THREE MOTHERS

Edmonton, June 6.—Dr. A. L. Camp-
bell of this city scored a record Wed-
nesday when he assisted at the birth
of six little girls which three Edmon-
ton mothers presented to their hus-
bands. He first received a call to house
of Mr. Hafferty, an employee of the
Alberta government where Mrs.
Hafferty gave birth to triplets.

A few minutes after he had seen
this little family late into the world
he was summoned to Stafford street
where the wife of Mr. Westwick, pre-
sented her husband with twins, both
girls, later in the day he assisted at
the birth of a sixth baby girl.

ALBERTA GOVERNMENT OFFICES WILL BE OPENED IN LONDON

London, June 16.—Hon. A. L. Sit-
ton, Premier of Alberta, informs the
Canadian Associated Press that he
has secured on a five years' lease
rooms in the Trafalgar building, Chancery
Cross, for the purposes of the
Alberta government's London offices.
Alberta will, therefore, be the first
prairie province to have direct repre-
sentation in the metropolis.

The selected position is perhaps the
most central site in London. The ap-
pointment of an agent will be made
on Premier Sitton's return to Alberta
early in July and the new offices will
open in August.

Regarding his new provincial loan
Premier Sitton protested that he did
not come to London to raise money
but wanted he might have thought
about it had the market been more
favourable.

Edmonton, Alta., June 12.—Twenty-
four hundred miles of telephone wire
will be strung by the department of
telephones on rural lines this year, in
addition to a large amount of long dis-
tance line construction and new ex-
change work in the growing towns
and cities of the province. Over \$2,
000,000 will be expended by the gov-
ernment. At the beginning of the
year there were in wire miles 9,671
miles of rural lines and 6,689 miles of
long distance telephone in Alberta.

Toronto, June 11.—The debate on
the question of church union in the
Presbyterian General Assembly was
finally concluded this afternoon and
the determining vote was taken. The
ministers present were more than
three to one for those against,
being 175 to 54.

Zam-Buk

is the best remedy
known for sunburn,
heat rashes, eczema,
sores feet, stings and
blisters. A skin food!
All Druggists and Stores—40c.

ked for some outside suburban lots
in western villages.

The Witness does well to focus its
attention on the subdivision business
in the smaller centres. There is no
question that it is in this connection
that the greatest evils have been per-
petrated. Farm land is still much
below its real value in most sections
and despite the talk of wildcatting in
the prairie cities, most of the sub-
division property will ultimately real-
ize the value put upon it. But those
who have bought in many towns and
villages are in for a most unhappy
time of it. And some of the worst of
funders are those from whom such
things are not expected, large corpora-
tions among them.

GOD CROPS IN ALBERTA

Calgary, Alta. June 13.—Given re-
asonably good weather for the next
two months Alberta will this year
harvest the greatest crop in its his-
tory. This is the summary of crop re-
ports which the Herald prints to-day
from 45 correspondents in this prov-
ince.

While the spring was undoubtedly
a backward one the only summer has
more than made up for this. There
has been plenty of moisture and
bright, warm sunshine in addition.
With the sole exception of the extreme
south there are no complaints of
lack of rain.

FISH HATCHERIES TO BE ESTABLISHED IN ALBERTA

According to information which
has been received in the city from R. B.
Bennett, Calgary's member in the fed-
eral house, the Dominion government
will construct two fish hatcheries in
Alberta. One of these hatcheries will
be located near Banff. The local board
of trade has been agitating the gov-
ernment in this matter for some time
past, seemingly without effect for noth-
ing was done. Mr. Bennett, however,
states that the government has defi-
nitely decided to build the hatcheries
and work on them until they are com-
pleted as soon as possible.—News-Tel-
egram.

SIX BABY GIRLS BORN IN DAY TO THREE MOTHERS

Edmonton, June 6.—Dr. A. L. Camp-
bell of this city scored a record Wed-
nesday when he assisted at the birth
of six little girls which three Edmon-
ton mothers presented to their hus-
bands. He first received a call to house
of Mr. Hafferty, an employee of the
Alberta government where Mrs.
Hafferty gave birth to triplets.

A few minutes after he had seen
this little family late into the world
he was summoned to Stafford street
where the wife of Mr. Westwick, pre-
sented her husband with twins, both
girls, later in the day he assisted at
the birth of a sixth baby girl.

ALBERTA GOVERNMENT OFFICES WILL BE OPENED IN LONDON

London, June 16.—Hon. A. L. Sit-
ton, Premier of Alberta, informs the
Canadian Associated Press that he
has secured on a five years' lease
rooms in the Trafalgar building, Chancery
Cross, for the purposes of the
Alberta government's London offices.
Alberta will, therefore, be the first
prairie province to have direct repre-
sentation in the metropolis.

The selected position is perhaps the
most central site in London. The ap-
pointment of an agent will be made
on Premier Sitton's return to Alberta
early in July and the new offices will
open in August.

Regarding his new provincial loan
Premier Sitton protested that he did
not come to London to raise money
but wanted he might have thought
about it had the market been more
favourable.

Edmonton, Alta., June 12.—Twenty-
four hundred miles of telephone wire
will be strung by the department of
telephones on rural lines this year, in
addition to a large amount of long dis-
tance line construction and new ex-
change work in the growing towns
and cities of the province. Over \$2,
000,000 will be expended by the gov-
ernment. At the beginning of the
year there were in wire miles 9,671
miles of rural lines and 6,689 miles of
long distance telephone in Alberta.

Toronto, June 11.—The debate on
the question of church union in the
Presbyterian General Assembly was
finally concluded this afternoon and
the determining vote was taken. The
ministers present were more than
three to one for those against,
being 175 to 54.

Williamson's JEWELRY STOCK

Is in the Hands of "CHAMPION" THE JEWELRY EXPERT

The creditors force Williamson to raise money, so he has turned his \$20,000 Jewelry Stock over to the "Champion."

"Champion's" orders are to Raise \$10,000 by Saturday, June 28th

Williamson's whole stock has been remarked--the prices have been stripped to the core. For Friday and Saturday "Champion" has picked out some Extra Special Bargains. They are on display in the window--see them--compare the values with anything you ever got before.

Such an avalanche of bargains has never before been assembled under one roof in this district:

\$3,000 worth of Diamonds;
\$4,000 worth of Watches;
\$3,000 worth of Cut Glass;
\$4,000 worth of Flatware;
\$2,000 worth of China and Depositware;
\$2,000 worth of Silverware;
\$2,000 worth of Small Jewelry.

"Champion's" axe has cut deep into the price of everything. Your chance to save is NOW.

See "Champion," the man that protects you against hard times.

\$6.00 "CHAMPION"

Do you believe in signs? We do. You have seen \$6.00 "Champion" tacked up all over town? You've wondered what it meant? It means the Greatest Jewelry Bargains you ever saw. Bring \$6.00 to Williamson's "Champion" Sale and hitch them to the biggest load they ever drew.

\$6 Days are Friday and Saturday

Read the list "Champion" has to offer you on these days--read and reap.

"Champion's" Offerings for Friday and Saturday:

GAS

Hush, 'tis whispered round about Wetaskiwin, without a doubt, has got the gas its wait for. For just about three years or more. But, says the Journal, Ha! Ha! Ha! Another cry comes from afar. We'll wait and see if it gets a job. It's just a rumour got about. Well, Mr. Editor, stop that slum. You'll say a word that rhymes with jam.

If we supply you gas from here the joke will be on you, I'm clear. We might have had this years ago. But certain people stopped our flow. The stickers claim to be on top. Although we have the right to hop. But now we got a real life chance. We should be foolish not to dance. So Hurray! for Wetaskiwin the little town.

That's going to make itself renewed. Get busy boys and make her hum. Enough for ourselves and then there's some.

A LOCAL POET.

SCHOOL CONSOLIDATION

Mr. Editor.

On the 21st of June the ratepayers of Millet and neighboring school districts will meet at Millet to vote on the question of school consolidation. The importance of the question to be there decided impels me to ask for space in your valued paper in order that I may explain from the standpoint of a teacher some of the proven advantages of consolidation.

The question of consolidation is one of business efficiency. It means an increased investment at first, but it also means increased efficiency. Conditions must determine which of these factors shall outweigh the other.

The advantages may be divided into two classes; first, better equipment; second, better teaching. The modern idea of a school is an institution which will fit our boys and girls to do their share of the world's work with credit both to themselves and society. More specifically the school must turn out the material for better farmers, better workers in all walks of life, and withal better and broader minded men and women. The old idea that you can make a good merchant by making a good Latin school is utterly exploded. The boy or girl who would succeed is not asked what he knows but what he can do.

The authors of the Alberta course of study have recognized this and have included in the public school course such subjects as agriculture, manual training, cooking and sewing. Not a single one of these subjects can be taught satisfactorily in any of the districts whose ratepayers are now thinking of consolidation. Yet, if they would unite all of these subjects could and would be taught in such a way as to be of lasting benefit to all pupils in attendance and this with out any expensive equipment or high salaried instructors. Our Normal School at Calgary gives instruction in all these subjects to all student teachers.

In case these districts should unite it will be seen that better teachers could be engaged. This is obvious and needs no further comment. Then one teacher would have to teach so many grades. This is one of the big arguments against country schools. On many cases each grade receives an average less than forty minutes attention from the teacher. By uniting and giving each teacher two grades this time could be increased to two hours and a half. The resulting benefit is seen in better progress and broader knowledge and should be born in mind by the voters.

Further advantages, such as better attendance, libraries, high school work etc., can only be mentioned. Lack of space likewise compels me to omit any discussion of the financial details further than a mention of the fact that the government gives a grant in grain toward maintaining Consolidated Schools.

These in brief are some of the many proven advantages which have made consolidation a live question in Alberta. That it is a live question in this district is a matter for congratulation. It shows in no uncertain way the progressive and enlightened attitude of the people. If it is settled in the affirmative, they will have the proud distinction of being among the leaders in educational advancement, and among the first to give the full measure of justice to the rising generation.

E. H. KEITH,

Principal of the Millet School

BASEBALL

One of the best games of the series in the Wetaskiwin Baseball League was played on Thursday evening last between the Bankers and the Hotelmen. It appeared as though the Hotelmen would win this game as they started out with a lead of three in the first inning, and the Bankers were unable to score until the fifth. In this inning, however, several errors were made, the ball was not a asset, and did not come down until after ten men had faced the pitcher, and six runs had crossed the plate. The Hotelmen tried hard to overcome this lead but were unsuccessful, and the Bankers won the game by the score of 8-7 with an inning to spare. The battery for the Bankers was Patterson and MacFadden, while Nelsky did the twirling for the Hotelmen and London and Fluter did the receiving. Umpire, Pelland.

On Tuesday evening the Dodgers and Hotelmen met at Diamond Park, but in this game the latter demonstrated their prowess as ball players by defeating their opponents by the score of 12-6. French pitched for the Dodgers, while Kolb and Lake did the twirling. Hibbs and Grann was the battery for the winners. Umpire, Donnelly.

In keeping with the phenomenal development that is being undertaken by the C.P.R. in the west this year, the company has made arrangements to place about 75 "new" townships on the market. They will be situated on the new branch lines now under construction. This number is away ahead of anything that has been done by the company in this respect during any one year in the past.

June is the month of roses, and the roads around our city will be a bowery of roses in a short time. First the country is a mass of yellow (the yellow vetch) then a mass of white (the wind flower) then a mass of red (the rose).

Troops of the 19th Alberta Dragoon regiment are being recruited at Chauvin and Holden on the G.T.P. This with the original Viking troop will comprise a Squadron on this line. The headquarters will be at Viking.

Vegreville, June 16.—The popular hotel, known as The Alberta, has just changed hands from E. J. Clark to B. B. Roberts for the sum of \$50,000.
